

AUGUST NEWSLETTER

ANOTHER FIRST FROM TUXEDO ANNOUNCING THE MOBILE eACCOUNT

At Tuxedo we are continually working hard to develop the services Tuxedo offer to ensure you have the ultimate user experience.

This month the team have been completing the release of the mobile eaccount, which allows you to manage your money directly from your Mobile phone wherever you are, worldwide! The Mobile eaccount allows you to view mini-statements, balances and instantly move money between cards. You can also block or unblock cards, and even use the service to stop a card if it is lost or stolen - all from your mobile handset! As you would expect, Tuxedo have made the service as user friendly as possible.

To get started, all you have to do is log-in online, register for the service and download your account to your phone. The Mobile eaccount will be available to download in August, so keep an eye on the website for more details and instructions on how to download.

INNOVATIVE WAY TO PAY POCKET MONEY

Why not add a second Tuxedo Card to your account for **FREE** this month and use it to pay your son or daughter their pocket money. Your son or daughter will be able to use their Tuxedo Card to pay for purchases in a range of their favourite stores worldwide. You could even load it with their holiday spending money, as it is accepted in over 26 million locations worldwide!

As the primary eaccount holder, you can view transactions online, which

gives you peace of mind, add money to your son or daughters card from your eaccount as and when required - 24 hours a day, and even remove money if required. Movement of money to and from the main eaccount to additional cards is instant, which is ideal in case of emergencies or last minute changes of plan.

To apply for your **FREE** second card, log-in on line and select "Additional Cards" when viewing your eaccount or call Customer Care on **0845 241 4276** or **+44 (0) 207 101 6598** (if calling from a mobile or overseas).

STANDING ORDERS **NEW**

You can now set up a standing order to or from your Tuxedo eaccount, if you need to pay a set amount on a regular basis. This facility will help you to keep track of your finances, manage out-goings more efficiently and help to ensure that you do not miss payments. For more information or to set up, please contact customer care on **0845 241 4276** or **+44 (0) 207 101 6598** if calling from a mobile or overseas.

PROBLEMATIC PAYROLL OR EXHAUSTIVE EXPENSES? CORPORATE NEWS

Tuxedo are continuing to develop the Corporate Payroll and Expenses Solutions in order to save businesses both time and money and improve processes. As of September, both Payroll and Expenses Cards can be issued and topped up in multiple currencies and used worldwide. Please visit www.tuxedomoneysolutions.com for more information.

TUXEDO'S PAYROLL SOLUTION

Using Tuxedo's Payroll solution will eliminate cheques, save time and also benefit your employees. Businesses can provide their employees with a Tuxedo MasterCard® Prepaid Card and pay wages directly onto their card by BACS transfer or instantly from their Tuxedo account.

Cut out cheque production and cash handling, transportation, banking and shrinkage fees. Employees also benefit by not having to pay high cheque cashing fees. The Payroll solution will also save your business time, which is normally associated with payroll admin and employees leaving the office to cash cheques.

TUXEDO'S EXPENSES SOLUTION

Tuxedo's Expense solution gives businesses complete ability to set and manage budgets, it helps to avoid employee overspending and employers can view transactions online. This solution will eliminate petty cash and businesses can even block specified merchant categories if required.

The Expenses solution also helps to protect employees against building personal debt by paying for company expenses on their own credit or debit card.

STAY SECURE

Online banking fraud increased by nearly **45% percent** between 2005 (£23.3m) and 2006 (£33.5m). (APACS, 2007) Your Tuxedo Card can help you to avoid online fraud as it allows you to store money off your card in your account and it's not connected to a bank account. You can also add an additional card to your account which can be used specifically for online shopping. You can move money onto the card as and when required in small amounts which will help to protect you against fraud.
