DON'T LET YOUR WALLET BE CRUSHED BY THE CREDIT CRUNCH

All of us are feeling the pinch and it has never been more important to manage your money. To help you to manage your money throughout this difficult economic downturn, add up to three cards to your account and allocate funds to each card individually so you can budget more effectively, i.e. one card for the weekly shopping, one for holiday spending money and one for travelling to work. You cannot spend more than your available balance and therefore cannot go overdrawn!

What's more, earn money when shopping for those essential items, using the Tuxedo Cashback website www.tuxedocashback.com which features hundreds of your favourite retailers including Tesco and Asda.
