

OCTOBER NEWSLETTER

NEW! STANDING ORDERS

This great new service is now live. Set up a Standing Order from your account today and take away the worry of remembering to make payments on a weekly or monthly basis. You can now set up a standing order for only £1 from your Tuxedo account, if you need to pay a set amount on a regular basis, and it will become active within one working day. This facility will help you to keep track of your finances, manage outgoings more efficiently and help to ensure that you do not miss payments. For more information or to set up your Standing Order, please [CLICK HERE](#)

Log-in to your account, and set up your Standing Order in three easy steps:

- 1** Select the 'More Services' tab
- 2** Select the 'Standing Orders' tab
- 3** Create new Standing Order

You will need the sort code and bank account number of the supplier or person you wish to make standing order payments to.

TELL US WHAT YOU THINK ABOUT OUR SERVICE!

At Tuxedo we pride ourselves on our continued dedication to ensure complete customer satisfaction and value for money from our products. Over the past few months we have introduced several new ways to make managing your account easier and more user friendly. The most recent development is the Mobile account which allows you to manage your money 24/7 using your mobile phone. We have also made developments within our call centre, which is now equipped with an interactive response system, directing you to the correct person. This saves you time by reducing the length of the call and helps you to avoid queuing. We have also recently introduced a new UK call centre to deliver enhanced customer service.

We would like to receive your feedback on the customer service Tuxedo provides, please complete the online survey by clicking here and enter our competition to win £100 cash paid onto your Tuxedo Card.

Closing date for the survey and competition is 31st October 2008

CORPORATE CARD SOLUTIONS

The Tuxedo MasterCard Prepaid Card and account can save your business time and money

Tuxedo are proud to announce the launch of the Payroll and Expenses cards this month.

The Tuxedo MasterCard Prepaid Payroll Card and account

This card offers companies a fantastic solution for their payroll. The Tuxedo Card reduces costs as it can cut out cheque production and associated fees for cash handling, transportation and cash shrinkage.

Employees also save money as they do not incur high cheque cashing fees. The payroll solution also saves businesses time as it speeds up back office administration: it means employees do not have to leave the office to cash cheques, eliminates petty cash and offers employees a secure way to manage their money as they can store money off their card in the account and move onto their card as required.

The Tuxedo MasterCard Prepaid Expenses Card and account

The Tuxedo Expenses Card is the revolutionary way for businesses to manage their employee expenses.

In the current economic climate it's important for companies as well as the general public to take greater control of their spending and the Tuxedo Card offers a smart way to do this. A chosen administrator is able to allocate funds to their employees' cards as required, remove funds as required and instantly block cards temporarily or permanently if lost or stolen by going online, by telephone, by using the Mobile account or by SMS. The Tuxedo Card offers security when making purchases online and can be used worldwide - wherever you see the MasterCard Acceptance Mark.

THE MOBILE ACCOUNT IS GREAT!

Case Study

"I found the Mobile account really useful when I went on holiday. I downloaded the Mobile account the day before I went away so hadn't had a chance to trial it, however I had no problems, it was so easy to use and taking my holiday spending money on my Tuxedo Card meant I didn't have to carry around large amounts of cash like I had done in the past or have the bother of getting travellers cheques.

What was even better was that I topped up my card by transferring money from the account each morning using my Mobile account on my phone while on the bus into town. I felt my money was secure as I stored

the majority of my spending money off my card in my account and moved over a small amount at a time; which not only helped me to budget but it meant if my card was lost or stolen my money would be in my account not on my card.

When I arrived home jet lagged and tired I didn't have to consider heading off to convert any currency as the Tuxedo Card is in sterling! The exchange rates are super competitive and I will certainly be using it as my preferred method for holiday spending money for the future."

Janet M, London

DON'T LET THE CREDIT CRISIS CRUNCH YOUR WALLET

Find out how your Tuxedo Card can help...

Average cost of the family shopping basket increasing

Food prices have risen 5.8% causing the average price of the family weekly shop to rise to an astonishing £136. (Telegraph, 2008).

Price of petrol increasing

If you use your car on a regular basis you will have felt the financial pressures caused by the rising fuel prices. Although the price has slowly dropped over the last few months the average price per litre according to the AA fuel price reports petrol stands at 112.9 p/litre and Diesel at 124.3 p/litre.

Gas and electric

On Friday 29 August, Scottish Power and nPower joined EDF, British Gas, E.ON and Scottish & Southern in increasing rates by up to 35% (Martin Lewis website).

With the cost of maintaining a basic standard of living rising so rapidly and living life through the credit crunch, Tuxedo offers you a solution to help you budget and manage and control your spending.

You can add additional cards to your account and allocate funds as required. For example use one card for food shopping and the other for household bills. Remember your second card is FREE.

You can now also set up Standing Orders from your account which means you do not have the worry of forgetting to make weekly or monthly payments and incurring fines or penalties for falling behind - as long as you have the sufficient funds in your account your bill will be paid automatically.

Log-in online or visit www.tuxedocard.co.uk to read more about how Tuxedo can help you to manage and control your money.

How can you benefit from using the Tuxedo Card if you are in debt?

The Tuxedo Card can change your life and help you to enjoy a new way to live with your money. It helps you to manage and control your spending because you can only spend the money you have loaded onto your card. It's also a safe alternative to carrying cash. You can add additional cards to the account and allocate money to the cards for a specific purpose and budget more efficiently. The Tuxedo Card can be used in over 26 million locations worldwide and you can withdraw cash from over 1.2 million ATMs which have the MasterCard or Maestro Acceptance Mark. You can receive your salary/wages onto the card and set up standing orders, making it simple to manage and control your money and help to ensure you do not miss regular payments.

PARENTS - ONE LESS THING TO WORRY ABOUT

Do you have a child going off to university or travelling abroad this year?

It can be a stressful time for both parents and students, so what better way to ensure they are looking after themselves than giving them a Tuxedo Prepaid Card. Simply add an additional card to your account and start allocating money as frequently as required. Moving money from the account onto their card is INSTANT, giving you the peace of mind that you can get money to them wherever they may be. You have the ability to manage the money on their card and also view transactions. You can even block the card if lost or stolen or remove funds if required. The card can be used in over 26 million locations worldwide and to withdraw cash from over 1.2 million ATMs. Simply log-in online or contact Customer Care.

THE SOLUTION TO LAST MONTHS SUDOKU

Lucky winners were notified by email and have had their account's credited with £10.
